Introduction

Please Note: These Rules have been written as the final end point of a gradual process of acceptance of these Rules. Some of these Rules will need to be phased in over a fixed length of time, at the discretion of the ANRCI Committee as they are quite complex to set up and administer.

The Show Rules of the ANRCI are Rules concerning the conduct of shows, show officials and exhibitors. All shows held by Affiliated Clubs/Societies are conducted under these Rules and every person having anything to do with shows must strictly observe them. Changes to the Show Rules are the responsibility of the Committee of Management.

The next four sections are concerned with Regulations:

1. Affiliation Regulations.
2. Regulations relating to the award of ANRCI support.
3. General Regulations.
4. Supplementary Insurance Regulations.

The Regulations of the Council are in a slightly different category than the Rules. They lay down conditions for example on which the ANRCI will offer support to shows, or on which the Council will accept as an affiliated member, a Club or Society. In this sense, they are Regulations which must be adhered to if, for example, show support is not to be withdrawn. In the case of the Supplementary Insurance Regulations, should a Club or Society not adhere strictly to them, then disciplinary action would not be taken against them but of course the insurance would automatically be invalidated.

The Regulations can only be amended by the Committee of Management. Although the Articles of Constitution, Rules and Regulations have been drafted for the maximum clarity possible, there will inevitably be occasions on which an interpretation on some point will be necessary. The Articles of Constitution lay down that the Committee of Management shall be the right and proper body to make this interpretation, and the decision taken by that Committee is binding on all parties.

NOTES

1. In these Rules, reference to the male gender also infers reference to the female gender.
2. It is recommended that all Show officials should read these Show Rules in conjunction with other sections as they may deal with show matters.

SHOW RULES.

1.0 ORGANISATION OF SHOWS.

- 1.1 The organisers of the show or their representative (usually the Show Secretary), shall:

25.2 The points can be awarded at all ANRCI shows and all Affiliated All Breed Club shows. The points awarded from Affiliated Clubs will apply from Jan 1st 2017

25.3 The system works on a scale of values relating to various awards up to Best in Show, as follows:

Runner up Adult, u/5, u/14	9 points
Best Adult, u/5, u/14	11 points
Best Fancy, Lop, Fur and Rex	10 points
Runner Up Fancy, Lop, Fur and Rex	8 points
Third in Show	13 points
Runner up in Show	14 points
Best in Show	15 points

25.4 Points will be awarded to individual exhibits for the highest award only. Therefore Best in Show receives 15 points only and does not receive the 3 points for Best of Breed as well. In the event of a rabbit winning Third in Show otherwise receiving less than 13 points, they shall be awarded a maximum of 13 points. All other points to remain the same.

- 25.5 This Championship System will also be used to award Perpetual Trophies at the end of the year to the highest scoring exhibits or breeds. These Perpetual Trophies may be donated by any Club or Individual.
- a. Affiliated Clubs will need to send their Show results to ANRCI so the points can be calculated.
 - b. The winners of the Championship Perpetual Trophies will be announced following the final rabbit show each year.

25.5 The Championship is divided into several levels as follows:

30 points	Australian Champion

110 points	Australian Double Grand Champion
130 points	Australian Triple Grand Champion

SUPPLEMENTARY INSURANCE REGULATIONS.

- 1.0 The ANRCI on behalf of individual members, affiliated clubs and associations etc., having arranged a Public Liability Insurance in connection with shows and exhibitions etc, held under the ANRCI Rules and Regulations, it has become necessary for certain Supplementary Insurance Regulations to be made and enforced so that all qualifying individual members, affiliated clubs and associations etc. may have the benefit of such cover as that insurance affords.
- 2.0 The Policy is designed to cover legal liability of each qualifying individual member, affiliated club and association, etc. in respect of accidents which may arise at shows, etc., and such insurance covers bodily injury to persons and damage to property.
- 3.0 There is also cover for claims arising in consequence to food poisoning by or foreign or deleterious matter in food or drinks served at a show, etc. by the individual member, affiliated club and associations etc., but not by a subcontractor.
- 4.0 It should be appreciated by members and officers of every club that such matters are unlikely to occur unless there is some fault or negligence by some member or official of the society or club or some defect in the premises where the show, etc. is held or the approach thereto or in the pens or other equipment.
- 5.0 It must be borne in mind by the officers and members of all qualifying affiliated clubs and associations, etc. and individual members, that the law relating to insurance is most strict and there may be matters which may seem to the uninitiated to be trivial but which, however, the Courts have held to vitiate claims under policies. In consequence of this, all individual members, affiliated clubs and associations, etc. who wish to claim advantage of this insurance scheme are bound by the following regulations:
 - 5.1 The officers and members of each club will exercise at all times all possible care in ensuring that the buildings, works,

plant, machinery, appliances, equipment and pens used in each show are substantially sound and in proper order, and fit for the purpose for which they are used, and that all possible safeguards and precautions against accidents are provided, taken and used. In any situation of public access to rabbits, large visible warning signs must be displayed. In the case of a claim being made, particulars of all such care, safeguards and precautions actually taken shall be given to the Show Secretary.

- 5.2 The Show Secretary, on behalf of the Show Committee responsible for the show, shall make a full written record at the time of the happening of any occurrence likely to give rise to a claim under the Policy and within 24 hours of such occurrence will notify the ANRCI thereof and supply all such details thereof as are shown in such records.
- 5.3 The Secretary of every Club shall upon receiving either by word of mouth by letter or a writ or summons for any claim which is covered by the Policy, immediately remit or communicate the same to the ANRCI.
- 5.4 No officer, official or member of any affiliated organisations shall in any circumstances admit any liability or make any promise of payment in the case of happening which may even remotely be likely to give rise to a claim against the club.
- 5.5 All officials and members of every club against whom a claim is made, shall make available to the ANRCI, and the underwriters of the said Policy, all records and information and render all such assistance as the ANRCI and the underwriters may require.
- 5.6 No officer or officers or member of any club shall enter into any correspondence with any claimant or potential claimant.
- 5.7 The ANRCI will not itself, nor will its officers or members be responsible for any claims against any club, and the underwriters of the said Policy will not be responsible for any claims beyond the insured amount

in respect of any one accident or series of accidents arising out of any one event.

- 5.8 If the officers or officials of any club shall make or support any claim under the said Policy knowing or having reason to suspect the same to be false or fraudulent in any degree as regards the amount or in any other respect, such club and the officers thereof shall at all times thereafter be prohibited from participating in any benefit under such insurance scheme.
